City of Redmond Public Works Water Division Request for Water Meter Installation

Customer Information

Permit Number: _____ Meter Size: _____ Date: _____ Staff Initials: _____

Customer Name: _____ Phone Number: _____

Important! Read Items Below

The City of Redmond strongly encourages customers to have the foundation of the building completed before the meter is set. The goal is NOT to have the meter boxes placed in the driveway.

By signing this document, the signer accepts responsibility for the meter and meter box until the building permit is final, and/or until landscaping is completed. If the meter or meter box is damaged during construction activities, including landscaping, the signer of the document is responsible for all replacement costs.

I have read and understand information above.

X _____
Customer signature Date
