

COMMENT FORM

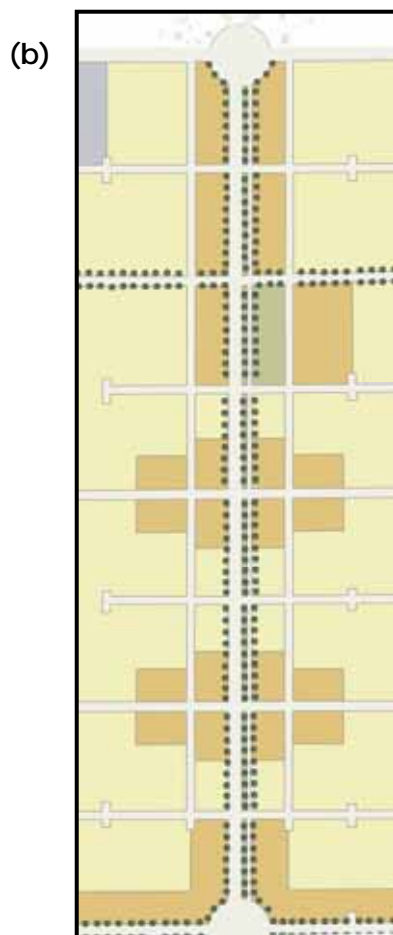

Public Meeting – March 15, 2007

Thank you for attending the public meeting and completing this. Your feedback will help the project advisory committee and staff refine the final recommendations. Please complete this form as you visit the open house stations and leave it with staff tonight, or return it to the city no later than March 23rd (return information is on the back of this form).

1. Which of the following two approaches to locating higher density housing in the Northwest Area Planning area do you think would be preferable (*see illustrations below*)?

(a) Concentrating it along the full length of 27th Street.

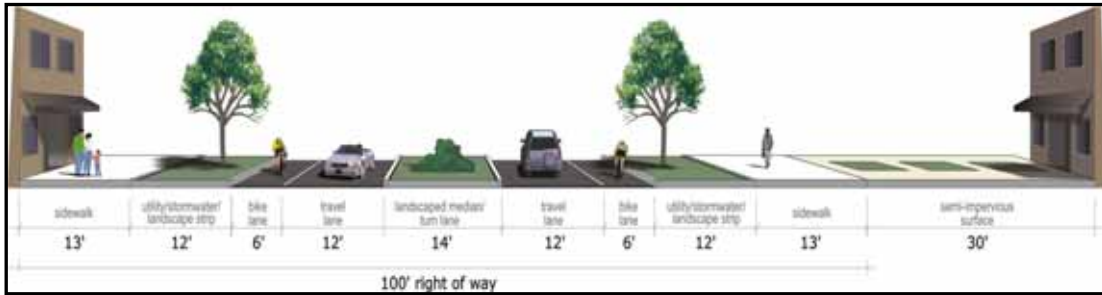

(b) Clustering it at and around intersections along 27th Street.

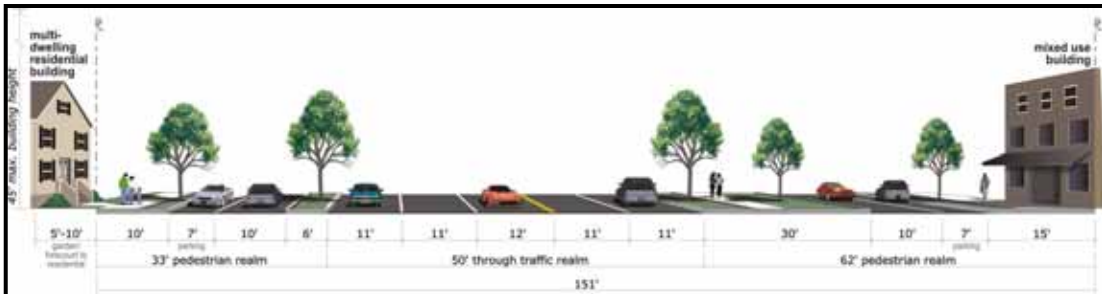

2. Which of the following two street treatments for 27th Street, south of Maple Avenue do you think would best support adjacent land uses and provide for a balance of traffic, pedestrian and bicycle movement, and safety in the Northwest Area Planning area (see illustrations below)?

___ (a) Standard street design ___ (b) Frontage road treatment

(a)

(b)

3. Do you favor the idea of locating parks and schools near each other and encouraging shared use of these facilities?

___ Yes ___ No

Please use the space below to provide us with any other comments, concerns or ideas you have.

Please return this completed comment form no later than **March 23rd** to:
